LOGOMARK

A logomark is a visual symbol or icon that represents a brand without using text or the company name. It's a standalone graphic element that communicates the brand's identity, values, and personality through imagery alone.

Please use the provided asset as is, without any modifications or recreations.

PRIMARY LOGO LOCKUP

Our primary logo lockup is the cornerstone of our brand's visual identity.

It combines our logomark and logotype in a specific arrangement, creating a unified and balanced design that represents who we are.

This lockup is our brand's most important visual asset and should be used consistently across all platforms to ensure recognition and maintain the integrity of our brand.

Please use the provided asset as is, without any modifications or recreations.

LOGOMARK MISUSE

Refers to any alteration or use of our logomark that deviates from its intended design, causing a misrepresentation of our brand.

It's important to maintain the original form of our logomark across all touchpoints to ensure consistency and brand recognition.

Any misuse of the logomark weakens the strength of our brand and undermines the trust and connection we've built with our audience.

❌ Do not add any shadow effect.

❌ Do not crop the logo.

❌ Do not display in outline.

❌ Do not change the rotation.

❌ Do not disproportionately scale the logo.

❌ Do not change the transparency of the logo.

✗ Do not add any outline to the logomark.

✗ Do not add any shape behind the logo.

✗ Do not change the color style.

LOGOMARK USAGE

The logomark should be used consistently across all brand materials to maintain a unified and recognizable identity.

It should always appear in its original form without alterations to its color, shape, or proportion.

Whether it's featured on our menu, signage, social media profiles, or promotional materials, the logomark is the face of our brand and should be used to represent the quality and values we stand for.

Do not use the color picker in the guidelines to select brand colors. Always refer to the official color specifications to ensure accuracy.

PRIMARY LOCKUP USAGE

Primary logo lockup misuse refers to any alteration or inappropriate application of our primary logo lockup that compromises its integrity.

This includes stretching, distorting, repositioning elements, changing colors, or using it in ways that do not align with the brand guidelines.

The primary logo lockup is the cornerstone of our visual identity, and any misuse weakens our brand's consistency and recognizability. To maintain a strong and cohesive brand image, always use the provided logo lockup as-is

LOGOMARK PLACEMENT

The logomark should be placed in the corners of the material.

This placement is chosen to ensure the logomark remains visible and maintains a strong presence without overpowering other design elements.

Positioning the logomark in the corners allows for a clean layout, ensuring that the focus remains on the content while keeping the brand visible. It also provides a sense of balance and consistency across different types of materials.

Please use the provided asset as is, without any modifications or recreations.

PRIMARY LOCKUP PLACEMENT

The Horizontal Lockups can be used by being placed in the left top and bottom corners

This positioning is strategic because it places the brand name in a prominent but unobtrusive location.

Both placements ensure the wordmark is clearly visible and easily readable, while maintaining a harmonious balance with the overall layout.

Please use the provided asset as is, without any modifications or recreations.
